# SILVASSIST MOBILE

## FIELD USE INSTRUCTIONS

Load your map cache onto your handheld from SilvAssist Toolbar 3.5. You're now ready for the woods.

- 1 Select map and adjust settings.
- 2 Turn on GPS.
- 3 Select Navigate.
- 4 Tap the plot you want to visit.
- 5 Follow the compass directions.
- 6 Once at the plot, add tree data in TCruise.
- 7 Toggle back to SilvAssist Mobile and repeat for your next plot.
